

Step # 01:-

- Choose your Marketplace type.
 - General E-Commerce Website

Step # 02:-

- What problem does your marketplace aim to solve?
 - Our e-commerce marketplace solve the problem of limited access to diverse, high-quality fashion and athletic products by providing a convenient and reliable online platform. It eliminates the hassle of physical shopping and ensures seamless browsing, secure transaction and timely delivery for hassle-free shopping experience.
- Who is your target audience?
 - Our target audience is fashion lovers and fitness enthusiasts,

like young adults our busy shoppers who prefer trendy items and easy online shopping.

- What products or services will you offer?

- Our marketplace offers trendy t-shirts and accessories for enthusiasts and everyday fashion lovers.

Example: Our marketplace could offer trendy t-shirts and accessories same like Nike.

- What will set your marketplace apart

- Affordability: will your prices be lower or offer better value for money

Schema

Customer
